CRYSTALS FROM SWAROVSKI®

Swarovski® crystals is the premium brand for the finest crystal elements manufactured by Swarovski. Since 1895, these crystals have provided a fabulous palette of inspiration for designers in the worlds of fashion, jewelry, accessories, interior design and the lighting industry. The brand stands out by virtue of its creative and strong emotional appearance - it represents the rich cultural tradition of central Europe, and the ethics and technological innovation that are Swarovski hallmarks. Baron, in 2010, is proud to be an endorsed Swarovski Branded Partner Team.

U SEMI-UNIVERSAL FIT FRAMES

4 SCREW CAPS included in all License Frame packaging

Frame Size: 12.25"W x 6.25"H

'U' SEMI-UNIVERSAL FRAME SERIES (CHROME PLATED)

The LF-U/UF Semi-Universal frame is designed to accommodate all 50 states' Top/Bottom Decal readability and nearly all states, fulfilling 49 states' additional requirement to not obstruct states' name readability, with the exception of Texas in 2003 that mandates total visibility requiring absolutely no partial plate text obstruction, differing from the other 49 states more liberal readable partial obstruction allowance interpretation. This based on Baron's DMV state plate research compiled data to our best knowledge, updated June 2006, but not warranted to be 100% accurate as DMV plates design and policies periodically change and States Legislation regulations may also change requiring calling DMV for information, monitoring DMV websites, and checking Highway Patrols' DMV plate readability regulations interpretations for evolving updated information. Baron will continually post any changes on our web site: www.baronfi.com. Also, LF-U overcomes license frame readability difficulties on all vehicles & trucks built with elevated bumpers obstructing all or portions of the frame's bottom rim, as above photos illustrate, affecting all GM, some Ford, & some Toyota trucks. Frame dimensions: 12.25" W x 6.25" H.

ill. 1 Above illustration of a standard frame. Bumper hides bottom frame rim.

ill. 2 Above illustration with Baron LF331-U frame. Top frame rim graphics are clearly seen.

EZ with 3D EMBLEMS
HDLFE- Economical Zinc (EZ) 3D Die cast emblem badge, affixed with tape to the rim of these Die-cast Chrome Plated Zinc Frames. Frame Size: 12.25"W x 6.25"H.

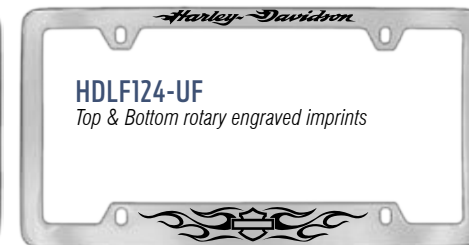

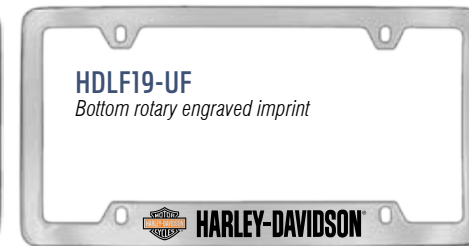

*Wide top, 2 hole frames with top imprints available upon request for the below states. See page 9 for reference. AL, CO, DE, IN, NH, NM, NC, ND, SC, WY.

UF SEMI-UNIVERSAL FIT FRAMES

T-SERIES THIN RIM 4-HOLE UNIVERSAL FRAMES

TECHNICAL INFORMATION.

For top/bottom mounting, accommodates all 50 States featuring engraved imprints on four thin 13mm rims that will not obstruct any States' visibility requirements, especially Texas since 2003 singularly mandating total visibility requiring absolutely no partial plate text obstruction, differing from the other 49 states' more liberal, readable partial obstruction allowance interpretation. This based on Baron's DMV state plate research compiled data to our best knowledge, updated June 2006, but not warranted to be 100% accurate as DMV plates design and policies periodically change and States Legislation regulations may also change requiring calling DMV for information, monitoring DMV websites, and checking Highway Patrols' DMV plate readability regulations interpretations for evolving updated information. Baron will continually post any changes on our web site: www.baronlfi.com.

ENGRAVED 322/329 SERIES

LF322 & LF329 accommodates specific State's vehicle plate visibility. This list is compiled by Baron to our best knowledge, updated June 2010, but not warranted 100% accurate as DMV plates periodically change designs and States Legislation regulations may also change requiring calling DMV for information, monitoring DMV websites, and checking Highway Patrols' DMV plate readability regulations interpretations for evolving updated information. Baron will continually post any changes on our web site: www.baronlfi.com.

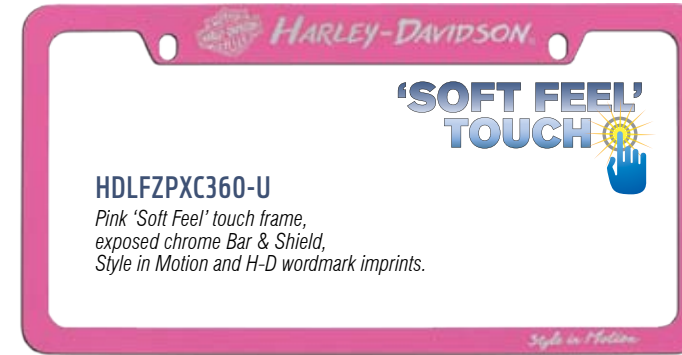

This Top DMV Decal only states frame is compliant with these states:
AK, CA, CT, HI, IL, IN, KS, MD, MA, MI, MT, NE, NV, NJ, NY, OK, PA, TN, UT, VA, WA, WY
